BURSA'S IPO MOMENTUM EXPECTED TO CONTINUE PARTICULARLY FOR ACE MARKET - BURSA CEO

ccording to Bursa Malaysia Berhad chief executive officer Datuk Muhamad Umar Swift, the initial public offering (IPO) momentum on Bursa Malaysia is expected to continue for the remainder of the year given the pipeline of submissions particularly for the ACE Market. Several IPO applications were approved and pending listing. Bursa Malaysia's IPO pipeline across all three markets remains healthy. Ten listings were recorded as of March 31, 2023 versus five IPOs during the same period last year. A total amount of approximately RM992.5 million was raised from January to March this year, bringing a market capitalisation of RM3.5 billion upon listing.

Among the ten listed companies in the first quarter (1Q) of 2023, two were listed on the Main Market, one on the LEAP Market, and the remaining seven companies were listed on the ACE Market. In 1Q 2022, two companies were listed on the Main Market, two on the ACE Market and one on the LEAP Market. The Covid-19 pandemic had a significant impact on numerous companies and industries throughout the country and region. However, as the economy has reopened and moved towards normalisation, many companies have recovered, and some have sought listing. This trend is anticipated to continue throughout 2023.

Bursa Malaysia's regulatory framework and ecosystem for the local capital market continued to offer a vibrant and supportive environment for issuers to fulfil companies' capital-raising needs. The exchange's ACE Market one-stop centre has made accessing the public equity capital market more efficient particularly for small and medium enterprises (SMEs) and growing companies with significant potential.

Based on the bourse's engagements, it was found that one of the main challenges that companies face when seeking to go public is compliance with licensing or regulatory requirements prior to submitting their listing application. To address this, Bursa Malaysia has been working on raising awareness among growing companies to plan ahead for listing preparations and ensure that they are adequately equipped for going public. This will also ensure that the corporate governance factor is instilled prior to the process.

For 2023, a total of 39 IPOs are expected en route to listing on Bursa Malaysia.

MARKET SENTIMENTS

111.6 points from 110.9 points in February 2022. The growth was underpinned significantly by the good performances in the Number of Housing Units Approved, Real Imports of Other Basic Precious & Other Non-ferrous Metals and Number of New Companies Registered. The trend is in line with the monthly change of LI which posted a growth of 2.9 per cent in February 2023 as against a negative 1.5 per cent in the previous month. Almost all components showed increases attributed mainly by the Number of New Companies Registered (1.0%).

Looking at the smoothed long-term trend in February 2023, LI recorded better index points compared to the previous month which was 99.41 points (January 2023: 98.61 points). Although it remained below the trend of 100.0 points, the economic outlook is expected to improve in the near term supported by domestic demand and resilient policy measures under Budget 2023.

As for the current economic position, the Coincident Index (CI) recorded an increase of 4.5 per cent year-on-year to 119.5 points in January 2023 compared to 114.3 points in January 2022. The incline was mainly contributed by the Volume Index of Retail Trade. However, the monthly change of CI recorded a decrease of 0.7 per cent, attributed by Real Salaries & Wages, Manufacturing (0.3%) and Industrial Production Index (0.3%).

The Diffusion Index for LI showed an improvement in February 2023 to 57.1 per cent compared to 28.6 per cent in January 2023. The Diffusion Index for CI also recorded an increase of 66.7 per cent.
