Between 2015 and 2022, the number of financial planning firms increased by 42%, from 31 to 44 firms as at end-2022, while the number of licensed representatives grew by 145% over the same period to 1,455.

It is important for the financial planning industry to keep up with changing market conditions and investor demands. In his keynote address at the Financial Planning Association of Malaysia (FPAM) Annual Signature Financial Planning Symposium 2023, he said that the financial planning industry must broaden its offerings to meet investors' preference for socially responsible investment (SRI), invest in technology for more personalised services and build a skilled talent pipeline for the future.

Regional and local wealth trends indicate that investors are seeking holistic investment strategies that consider their entire portfolio, rather than focusing on individual products. The evolving service model and access demanded by clients is led by increased demand for personalised advice with deeper investor engagement over the long term. Towards this end, the SC seeks to facilitate and empower firms and consultants to move towards more comprehensive wealth management offering across the capital market and financial sectors in a bid to meet Malaysians' evolving needs.

He urged the industry to take more initiatives to build talent pipeline at their own accord by collaborating closely with universities and other professional associations to enable firms and industry associations to develop courses to mould the next generation of financial planners and ensure a steady stream of high-quality local talents. Through these means, the industry will be able to cultivate the next generation of talent, ensuring the sustainability and continuity of the Malaysian financial planning industry, he said.

Initiatives under the Madani Economy framework are expected to improve investor confidence in the Malaysian economy and attract greater inflows and foreign investors into the domestic capital market. This in turn will provide better opportunities for financial planners to expand their client base as well as enable existing clients to grow their wealth.

The government is also looking at policies to facilitate and attract the setting up of family offices in Malaysia with the aim of attracting a larger pool of investors to support financing for small and medium enterprises (SMEs) and the new economy. These family offices will require specialist advice in a broad range of investments and services, from traditional investments to tax and estate planning to name a few. Licensed financial planners are uniquely placed to capitalise on this invaluable opportunity to service family offices that will be looking to set up operations in Malaysia.

#### Economic growth in Malaysia to pick up in 2H2023 -**BMI**

According to BMI, a Fitch Solutions company, Malaysia's economic recovery over the coming quarters will be slower than it initially expected due to the ongoing impact of weakening global demand and tight monetary conditions. The firm said Malaysia's real GDP growth slowed sharply to 2.9% year-on-year in 2Q2023 from 5.6% 1Q2023, falling below consensus and house expectations. Overall, our forecast for Malaysia's real GDP growth has been revised down to 4.0% in 2023, from 4.2% previously, marking a sharp slowdown from 8.7% in 2022. The new forecast is slightly below consensus estimates of 4.2%.

The weaker-than-expected reading for 2Q2023 leaves its prevailing 2023 growth forecast of 4.2% looking too upbeat, as it suggests that the economy must grow by an average of 4.1% y-o-y in the second half of 2023. However, this will be challenging to attain given the backdrop of weakening global demand and tight monetary conditions.

Malaysia's economic resilience was mainly driven by consumption, but this strength is expected to falter as the impact of tight monetary conditions feeds through the economy. Beyond domestic challenges, it maintains the view that weakness in global demand with a forecasted growth of 2.4% across 2023 will keep a lid on Malaysia's export performance this year.

Net exports already removed 0.7 percentage points (pp) off GDP growth in the second quarter, extending the -2.3pp in the first quarter. The year-to-date nominal figures further showed exports contracting by an average of 5% y-o-y in the first seven months of the year, with a sharp contraction of 14% y-o-y in June, although this eased to a contraction of 13% y-o-y in July.

However, two factors - domestic challenges and weakness in global demand - could point to the fact that most of the weakness could now be behind us.

# PERPLEXING DEVELOPMENTS AT EA HOLDINGS **OVER THE** RESTRAINT TO CONVENE EGM

Devanesan Evanson

**Chief Executive** Officer, Minority **Shareholders Watch** Group

ecently, EA Holdings Berhad (EAH) found itself in the limelight over its announcement of calling an extraordinary general meeting (EGM) convened by a shareholder, Ng Cheng Shin, as 'defective and void.' EAH also urged shareholders to refrain from attending and voting at the EGM scheduled on 22 August 2023.

The calling arose from two Ad Interim Order for Injunction served on the Company in relation to two material litigation. Based on the Ad Interim Order for Injunction (collectively Ad Interim Injunction Orders) dated 1 and 2

August 2023, EAH, who is named defendant in both cases, is prohibited from 'exercising any rights to hold, call and/or requisition for any extraordinary general meeting and/or to pass any resolutions in relation to the Company.'

On 25 July 2023, EAH announced that it received a Special Notice from Ng, a member of the Company who claimed he holds 10% or more of the issued share capital of EAH, to call for an EGM on 22 August 2023 with the intent to move 11 resolutions for the removal and appointment of directors. Ng seeks to remove CEO Mohammad Sobri Saad, chairman Datuk Azahar Rasul, and directors Basir Bachik, Abdul Fattah Mohamed Yatim, Choo Seng Choon, and Wong Wan Rou from the board. At the same time, he seeks to appoint himself, Chin Yew Thong, Dr Adrian Foong Heng Nian, and Dr Teh Chee Chong to the board. Ng's move to call for an EGM is pursuant to Section 310(b) of the Companies Act 2016 (CA2016). The Act states that an EGM may be convened by either the board of directors or any member(s) of the company holding at least 10% of the issued share capital of a company.

#### **POINTS OF CONTENTION**

The current state of events at EAH may baffle EAH's shareholders. Arguably, this EGM is called by Ng, an independent party who is exercising his rights as a shareholder under CA2016. Further, under Section 311 of CA2016, shareholders who hold at least 10% of the paidup capital of a company may require the directors to convene a meeting of members of the company.

Pursuant to this, directors shall call for the meeting within 14 days from the date of the requisition and hold the meeting on a date not more than 28 days after the date of the notice to convene the meeting (refer to Section 312 of CA2016). In convening a meeting requisitioned by the members, the board of directors of the listed company shall assume the responsibility of issuing and disseminating the notice of the meeting as well as making all the necessary preparations for such meeting.

#### **STERN WARNING**

In an announcement dated 10 August 2023, EAH informed shareholders that 'any intended or purported attempt(s) to hold any extraordinary general meeting(s) in the name of the company is in breach of the said Ad Interim Injunction Orders and any individual(s) attempting such a step may be subject to contempt proceedings.' Besides, shareholders were urged not to attend and vote at the EGM and that EAH would treat any resolutions purported to be approved at the said EGM as invalid and void in light of the Ad Interim Injunction Orders served on the Company. As such, the Company said it would not hesitate to take legal action against any individual(s) who continue to create unnecessary confusion for the members of the Company and the general public.

#### CONCLUSION

Only time will tell how the issues pan out during legal proceedings and the implications for minority shareholders who want to call for an EGM.
